

TELL ME
5 THINGS
ABOUT...
PODCAST SERIES

RCOE VAPA Administrator, Louisa Higgins, has developed a podcast series called "Tell Me Five Things About...". She will be talking with many of the friends and acquaintances she has met in her fifteen years of arts administration. The podcast subjects include successful practitioners in various arenas of the arts including musicians, dancers, visual artists, actors, filmmakers, graphic designers, arts advocates, and arts leaders.

This page will start with ten interviews with more podcasts coming online on a regular basis. It is meant to be a resource for secondary arts students and teachers as they explore college and career opportunities.
